HARTLAND, WI (December 17, 2008) – CCI/CoakleyTech, a leader in document management, intelligent production, and information distribution solutions, was recently recognized by local and national publications as a leader in the printing industry.

The Business Journal of Milwaukee lists CCI/CoakleyTech as number 4 in its Top 25 list of the Milwaukee-area's largest commercial printing companies. Ranking is based on total sales volume, number of staff, services, and principal products.

Printing Impressions magazine released the Printing Impressions 400, which provides the industry's most comprehensive ranking of the leading printing companies in the United States and Canada. Reported in 2008, the listing provides information on 2007 total sales volume, percentage of sales growth, number of employees, primary specialties, ownership, and equipment. This year, CCI/CoakleyTech ranked 100 in North America.
