CCI/COAKLEYTECH EARNS RECOGNITION AS A JOHN DEERE "PARTNER-LEVEL SUPPLIER"

Hartland, WI – CCI/CoakleyTech has earned recognition as a Partner-level supplier for 2008 in the John Deere Achieving Excellence Program. The Partner-level status is Deere & Company's highest supplier rating. The Hartland-based company was selected for the honor in recognition of its dedication to providing products and service of outstanding quality as well as its commitment to continuous improvement for John Deere's operation in Greeneville, Tennessee. Company employees accepted the recognition during formal ceremonies held on February 17, 2009 in Davenport, Iowa.

Suppliers who participate in the Achieving Excellence program are evaluated annually in several key performance categories, including quality, cost management, delivery, technical support and wavelength, which is a measure of responsiveness. John Deere Supply Management created the program in 1991 to provide a supplier evaluation and feedback process that promotes continuous improvement.

About CCI/CoakleyTech
CCI/CoakleyTech is a world leader in intelligent production and document lifecycle management solutions. Through our *Beyond Ink* business model and *Intelligent Production* processes, the company bundles services like traditional printing, print-on-demand, inventory management, eBusiness applications, and variable information applications into value packages that create complete solutions. These solutions are led by Publication Zone®, a lifecycle management and business intelligence software system. CCI/CoakleyTech is a privately held corporation owned by TouchPoint Print Solutions Corp., a holding company of Huron Capital Partners LLC. The TouchPoint platform is focused on building a full-service printing and document management business providing customers with solutions in web-based, sheet-fed and digital printing media. CCI/CoakleyTech can be found on the web at www.comcom.com and www.coakelytech.com.
